| Class of Diploma | High Distinction | Distinction | Merit | Pass |
|---|---|---|---|---|
| Graduation CAP OR Graduation CAP without Mother Tongue (whichever is higher) | >=4.5 | 4.0 - 4.4 | 3.0 - 3.9 | 2.5 - 2.9 |

**Module Code:** Example - BL1107 / CS3204C / MA2203V / PC5403 / CH1531

First two letters: Subject code that denotes the discipline (see List of Subject Codes)

The first digit indicates the academic level of module offered. '1' for Level 1, '2' for Level 2, '3' for Level 3, '4' for Level 4, '5' for Level 5 & '6' for Level 6.

The second digit indicates the type of module: 1 for **Core**, 2 for **Elective**, 3 for **Enrichment**, 4 for **Honours**; 5 for **Mother Tongue Language Core** (for Class 2021 onwards).

The last two digits indicate the module number.

Suffix letter for modules (where applicable): '**A**' indicates the module is a preclusion and taken in lieu of the core module, with different assessment weighting. '**C**' indicates an elective module is a core pre-requisite for specific groups of students, e.g. selected Computing Studies elective modules which are automatically included for a Computing Studies Major student. '**E**' indicates selected Computing Studies elective modules which may be included into the Computing Studies Subject CAP (*for Class 2017 - 2020 only*). '**M**' indicates an approved Mother Tongue Language in-lieu module including Non Tamil Indian Language (NTIL) conducted in MOE-approved language centers. '**V**' indicates the module is offered by external agencies e.g. research institutes, but is considered a school module.
